Virus The Unknown (Season 1 of Dying Hope, Zombie Apocalypse:) Larry Finhouse

“When hope is busy dying, you should run and you should hide. But whatever you do, don’t pray for hope.”

– Season 1 of Dying Hope, Zombie Apocalypse

Kindle book description:

Brody had always wanted to live like the rich kids did, with their hot meals and shiny cell phones. Unfortunately, life had other plans for him and his sister Pippa. Struggling to pick up the pieces after their father’s mysterious death and coping with their mother’s drug use and her abominable new boyfriend, the children felt even more removed from hope. In this thrilling debut novella, Brody and Pippa are about to learn to rely on a completely different set of survival mechanisms — a set that would keep them alive while horror, a virus that slowly poisons the human brain, tears apart their small town. Amid the outbreak, tales of fright breed and people begin using the word zombie — something Brody, even though young, thinks is foolish.

The horror and fun begins here, Episode 1
