## The 4400: Welcome to Promise City Greg Cox

Based on the hit USA Network series *The 4400*, an original novel about a group of 4400 people taken out of their time and returned to the present day with special powers, only no one, including them, is sure if they are a force for good...or for evil.

Over nine thousand people were killed in Seattle, when promicin was unleashed within the city limits. Now the Federal government has to decide how to deal with citizens who have powers and abilities that cannot be legislated. An uneasy truce has arisen between Jordan Collier, the self-styled leader of The 4400, and the Federal government. While he stopped more people from being killed, Collier was the one responsible for unleashing promicin on the world. Now governments around the world have to wonder just who controls these powerful people and just what are Collier and The 4400 going to do next?
