Thinking Out Loud (e-book Grumpology 3) Eddie Hall

Generally speaking, the world is full of idiots. Politicians are idiots, religious people are idiots, business people are idiots, customers are idiots, publishers are idiots, people who write books complaining about idiots are idiots.

Unfortunately there is very little that can be done to stop the growing idiot crisis, other than committing unspeakable acts that would result in a lengthy prison sentence. Knowing I'm far too pretty to survive in jail, all I can do is rant about the stupidity of everyday life and perhaps offer some sage opinions on common issues that people in a position of power seem incapable of doing.
