The Not-So-Big Apple! These postcards feature miniatures of New York's most famous monuments, including the Empire State Building and the Statue of Liberty. Separate the postcards along their perforated edges and a new twist is revealed: The buildings are die-cut and the cards are scored to fold and assemble with a tab closure, making them self-standing. The postcards have spaces for an address and a message on the back, ready to be sent to anyone who loves New York.
