Leading French expert on decorative arts Jean-Louis Gaillemin recounts the fascinating history of antiques starting with how this profession was born and established in Europe and its evolution from the French Revolution through today's most important dealers in Paris. The author provides a tantalizing account of how, when and why, over the past two centuries, Paris, the world capital of the antiques market, attributed (or denied) certain antiques and antique dealers their popularity and reputation. Complementing this historical account, the book includes a practical guide which lists the addresses of Parisian dealers by district and speciality along with key museums. Luxurious, richly illustrated and informative, this book is an essential item for both amateur and professional antiques collectors, and all those taken by the irresistible allure of the world of antiques and the Parisian market in particular.
