Snowman (Arctic Station Bears Book 2) Maeve Morricks, Amelie Hunt

Arctic Station is dark and Alanna MacCready is freezing. She was lured into a trap at the frigid edge of the world. Her enemy has cut off power and communications. No one is coming to help and there is no escape. She and the bears are on their own against an ancient enemy.

The Company, the faceless, calculating organization that runs Arctic Station, knows something has gone terribly wrong. Scrambling to prevent the worldwide exposure of a potentially deadly virus, they dispatch a team to cover up the incident. Survivors are expendable.

Now the clock is ticking and the temperature is dropping. Alanna will have to count on sexy polar bear Alpha Liam to help her heat things up. And they'll both have to count on their friends more than ever as they face both this new threat and a very old one.
