What valuable company is nobody building? The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. If you are copying these guys, you aren't learning from them. It's easier to copy a model than to make something new: doing what we already know how to do takes the world from 1 to 10, adding more of something familiar.

"Every new creation goes from zero to one. This book is about how to get there. Peter Thiel has built multiple breakthrough companies, and *Zero to One* shows how." (Elon Musk, CEO of SpaceX and Tesla)
