Welcome to the Amazing Animals Series!

Come with us around the globe to explore the animal world.

In this book we will be visiting more fishy underwater creatures.

Not all fish are what they seem. Not all mammals are land animals...many live in the water too. In this book we will be looking at the many wonderful mammals that live in watery environments.

What you will discover in this book:

- You will find out what type of mammals live the water.
- You will learn that there is a lot more to mammals than we think.
- You will discover what a Cetacean is. In Latin the word means "Sea Monster".
- Did you know some underwater mammals have a melon for a head? It's true!
- You will discover what a Pinniped is.
- Why are small fish not afraid of the monster manatees? Want to find out?

This book is fully illustrated with fun and interesting animal images.

There is much more to find out too!

Also, to make sure you are paying attention you will be asked a couple of fun questions within the book. By asking and answering these questions it is a great way to interact with the subject matter and absorb the information within the book freely; and in a fun way!

If your child loves marine life and sea animals then take a look at these fascinating fishy mammals with fun, bizarre and very interesting information and facts.

Your kids can have fun while learning!

This book is part of a series called, "**Amazing Animals Series**" all of which are great for long bedtime reading.
