Technology has opened new doors for people that were at one time not thought possible. It allows you to be in constant contact with others, emailing, calling, chatting, and so much more. With all of the possibilities, it seems like people would be better prepared to survive and get along with anything. But this is not often the case. Many people still feel like they would be lost without the technology and could not imagine a world where they did not have it available at all times.

BOOK #4: EMP Survival: 10 Dangerous Places You Should Avoid When An EMP Starts

What are you going to do when an EMP strikes? Are you ready for all of the chaos and uncertainty that is going to arise when the country goes off the grid and some of your most basic daily habits can no longer happen? This is exactly what the enemies of this country would just love to do and many people think this is just what they are working on.

BOOK #5: Prepper Essentials: 22 Common Mistakes Every Prepper Should Avoid

Prepper Essentials: 22 Common Mistakes Every Prepper Should Avoid is a must for new preppers and can be useful to more experienced ones as well. Based on research, it provides a comprehensive guide to the mistakes that can make the difference between succeeding and failing as a prepper. The book takes you along the journey of preparing for all eventualities, and it gives clear, helpful and practical ideas and tips on how to avoid mistakes.

BOOK #6: SHTF Proof Your House: 15 Amazing Lessons on How to Protect Your House From Earthquakes

If you live in a seismic area, you may think that your home is the safest place to be in case of an earthquake, but is it? In fact, you need to make sure that your home is fully earthquake proof, so many things you have in your home can turn into your worst enemies when the earth shakes.
