Time to Escape to Sun, Surfing & Steamy Love

Allison is a hard working young professional who has finally reached the end of her rope. Her love life is in shambles, her job is a joke, and the book she's writing in her spare time seems to be going nowhere fast.

When Allison's boss notices that something's off, he all but demands that she take a vacation somewhere far from her home base of Seattle. It's time to get her mind off of things and refocus. Although she's hesitant at first, Allison realizes that a getaway may be just what she needs to reset her heart, forget about the guys who didn't work out, and reignite her creativity all in one go.

However, as soon as she steps off the plane into the Costa Rican heat, things are not as she imagined, and she begins to think that she's just a magnet for tragedy and failure no matter where she runs away to.

And then she meets Tristan. Gorgeous, chiseled, and an amazing surfer to boot, Tristan is the complete opposite of all the men that have let her down in the past. His relaxed attitude and good looks are matched only by his considerable skill in bed, creating a combination of the wildest lovemaking she's ever experienced and some of the most meaningful emotional connections she's ever made with another person.

However, Allison soon discovers that Tristan's sexual proclivities are wider reaching than she expected, and now he wants to add another man into the mix. While she's overwhelmed by the revelation, she also feels a strong pull toward a new adventure full of pleasure and strengthening bonds with her new lover.

Now it's time to sink or swim. Will Allison fall on her face while trying to keep up with the bad boy surfer's insatiable sexual appetites, or will she be opened up to a new world of fulfillment that she could only daydream about back in gloomy Seattle?

Although this book loosely refers to characters from "Vacation for Three: Colorado," this is a *standalone* MMF Bisexual Romance Novel with an HEA ending and *no cliffhangers!* You don't need to read any other books to get the most out of this one.
