Geoscience Laboratory Manual

Tom Freeman

Geoscience Laboratory Manual Tom Freeman

The fifth edition has been updated to include the replacement of all 23 air-photo stereograms with Google Earth images. Within this manual, questions are highlighted and embedded within the text, creating a dialog format and an inquiry-based learning environment. Little or no lecture is required to get students started on the exercise du jour. Minimal introductory narrative text precedes questions. Helpful hints accompany questions that some students might find difficult.
