Imperador de Todos Os Males (Em Portugues do Brasil)

Siddhartha Mukherjee

Imperador de Todos Os Males (Em Portugues do Brasil) Siddhartha Mukherjee

Em 2010, mais de 7 milhoes de pessoas morreram de cancer em todo o mundo. Nos Estados Unidos, uma de tres mulheres e um de dois homens desenvolverao essa doenca durante a vida. Em alguns paises, o cancer sera a causa de morte mais comum, superando as doencas coronarianas. Mas, afinal, o que e essa doenca? Quem e o cancer?

O primeiro registro da doenca e um papiro egipcio do seculo VII a.C. No entanto, sao raras as referencias ao cancer antes do seculo XIX, ja que as pessoas morriam de flagelos para os quais existe tratamento hoje, como tuberculose, colera, variola, peste ou pneumonia. Com o prolongamento da vida humana, o cancer foi levado para o primeiro plano, tornando-se a doenca mais temerosa da civilizacao moderna, o que justificou, na segunda metade do seculo XX, a intensificacao da batalha epica da medicina contra um mal cuja causa era desconhecida.

Oncologista que depara diariamente com o drama de seus pacientes, Siddhartha Mukherjee traça em O imperador de todos os males uma biografia profundamente humana do cancer. Ele narra em detalhes as etapas do processo cheio de idas e vindas da pesquisa da doenca, as promessas de vitorias e as recaidas, as radicalizacoes temerarias de tratamentos como a mastectomia e a quimioterapia, e a importancia tardia dada a prevencao, que levou a avancos como o exame de Papanicolau e o combate ao fumo.

Em linguagem acessivel, Mukherjee revela os notaveis resultados da recente pesquisa genetica, que desvendam o mecanismo intimo da doenca e vao sendo paulatinamente incorporados ao tratamento. Tudo isso numa linguagem que tem a precisao do cientista e a paixao do biografo que nao esconde sua admiracao por um mal capaz de assumir muitas formas e que esta a nossa frente na corrida pela imortalidade.
