Cengage Learning's Art CourseMate brings course concepts to life with interactive learning, study tools, and exam preparation tools that support the printed textbook. Use Engagement Tracker to monitor student engagement in the course and watch student comprehension soar as your class works with the printed textbook and the textbook-specific website. An interactive eBook allows students to take notes, highlight, search and interact with text-specific embedded media (such as quizzes, flashcards, and videos). Resources include "In the Studio" video footage of demonstrations of studio art techniques (filmed in college art classrooms to allow students to see art and design concepts applied in a familiar setting), as well as interviews discussing the art-making process; image flashcards that are linked to interactive content so students can review related material and test themselves; interactive "Foundations" tutorials that demonstrate art concepts and ideas; chapter quizzes; and independent study projects. Icons appear throughout the text, with active links in the eBook, to make it easier for students to know when to refer to specific modules for additional practice. CourseMate also includes access to the exciting new Art Studio, an easy-to-use online tool that enables you to efficiently critique students' submissions and grade and track assignments online without the hassle of e-mailing, receiving, and managing large files. It's also a great way for students to interactively comment on the work of their peers.
