Lion Shifter Romance

An urban predator, hunting for affection...

Fueled by the country's declining economy, the number of assaults is on a constant rise. Closely following this trend is an unexplained pattern of what appear to be animal attacks. For the employees of a small, understaffed hospital in the belly of a large city, that means one thing: lots and lots of work.

Claudia Chance is a nurse in one such ward; a plus-sized caregiver whose devotion to her duty had caused her private life to suffer. Within the ever-growing chaos of her work, she notices something peculiar. However, something peculiar also notices her.

Dillon Myers is a handsome stranger who gets brought into the hospital one night, covered in blood, while not being injured in any real way. This fact, along with his enigmatic behavior, makes it apparent that he has something to hide.

Enraptured by Dillon and his secret, Claudia can't help but dig deeper, unaware of the danger that comes with that choice. Will he return her affections, or will she merely become another dead-on-arrival
