Essentials of Genetics (4th Edition)

William S. Klug, Michael R. Cummings

Essentials of Genetics (4th Edition) William S. Klug, Michael R. Cummings

Presents a succinct overview of the discipline, with balanced coverage of both classical and modern genetics. Known for their clear writing style, emphasis on concepts, visual art program, and thoughtful coverage of all areas of genetics, the authors capture interest with up-to-date coverage of cutting edge topics and research. This book will help readers connect the science of genetics to the issues of today through interesting and thought provoking applications. Revision features 3 new chapters: Chapter 5, *Sex Determination and Sex Chromosomes*, Chapter 18, *Genomics and Proteomics*, and Chapter 24, *Conservation Genetics*—Genomics and Proteomics put this book at the cutting edge of a rapidly moving field. The Conservation Genetics chapter is the first really new chapter that has appeared in any genetics book over the past decade. The Population Genetics and Evolutionary Genetics chapters are updated and significantly enriched by Jon Herron (co-author of *Evolutionary Analysis, 2/e*). The Technology and Society Essays include numerous revisions and several new topics—Genetically Modified Foods is addressed with a new essay in Chapter 1; new essay in Chapter 18 addresses Gene Therapy in the context of Genomics; there are two short boxes that represent “molecular snippets” in the transmission genetic chapters (3 and 5); and new section on molecular genetics in Chapter 1. Two biotechnology chapters cover technologies and analysis, and applications and ethics. **Human behavior genetics** includes recent findings on genes controlling manic depression (Chapter 20). Up-to-date coverage of contemporary topics includes ethical questions raised by genetic testing and the human genome project. It will appeal to evolutionarily-oriented professionals in the biological sciences, zoology, agriculture, and health science fields.

From reader reviews:

Toni Williams:

Nowadays reading books be a little more than want or need but also work as a life style. This reading routine give you lot of advantages. The huge benefits you got of course the knowledge the actual information inside the book that will improve your knowledge and information. The information you get based on what kind of guide you read, if you want have more knowledge just go with education books but if you want really feel happy read one along with theme for entertaining for example comic or novel. Often the Essentials of Genetics (4th Edition) is kind of publication which is giving the reader capricious experience.

Kelley Thornton:

People live in this new moment of lifestyle always make an effort to and must have the time or they will get lots of stress from both everyday life and work. So , once we ask do people have extra time, we will say absolutely of course. People is human not a robot. Then we request again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer can unlimited right. Then ever try this one, reading textbooks. It can be your alternative throughout spending your spare time, the actual book you have read is Essentials of Genetics (4th Edition).

Greg Christenson:

This Essentials of Genetics (4th Edition) is great reserve for you because the content which can be full of information for you who also always deal with world and have to make decision every minute. That book reveal it info accurately using great plan word or we can say no rambling sentences inside. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but difficult core information with beautiful delivering sentences. Having Essentials of Genetics (4th Edition) in your hand like getting the world in your arm, facts in it is not ridiculous just one. We can say that no guide that offer you world with ten or fifteen small right but this publication already do that. So , this can be good reading book. Hello Mr. and Mrs. busy do you still doubt this?

Ryan Harrison:

Some people said that they feel uninterested when they reading a e-book. They are directly felt the idea when they get a half elements of the book. You can choose the book Essentials of Genetics (4th Edition) to make your reading is interesting. Your own personal skill of reading proficiency is developing when you like reading. Try to choose straightforward book to make you enjoy to learn it and mingle the opinion about book and reading especially. It is to be 1st opinion for you to like to open up a book and examine it. Beside that the book Essentials of Genetics (4th Edition) can to be your brand new friend when you're experience alone and confuse in what must you're doing of that time.
