## The Cabinet of Earths Anne Nesbet

*The Cabinet of Earths*, Anne Nesbet's debut novel for tweens, blends fantasy, science, and horror into an irresistible story in the vein of the classic *His Dark Materials* series.

Twelve-year-old Maya is miserable when she has to move from California to Paris. Not speaking French at a school full of snobby French girls is bad enough, but Maya believes there is something sinister going on in her new city. A purple-eyed man follows Maya and her younger brother, James. Statues seem to have Maya's face. And an eerie cabinet filled with mysterious colored bottles calls to her.

When James becomes the target of dark forces, Maya decides she must answer the call of the Cabinet of Earths, despite the danger.
