Cleft Palate & Craniofacial Anomalies: Effects on Speech and Resonance (Book Only) Ann W. Kummer

Cleft Palate and Craniofacial Anomalies: Effects on Speech and Resonance is the only book of its kind that covers both oral and facial anomalies and cleft palate. Designed as a how-to guide for the practicing clinician, this book emphasizes what students, clinicians new to this population, and any member of a cleft palate team need to know in the workplace. It includes information on common craniofacial anomalies, associated anomalies, and genetic syndromes. Everything from basic information on anatomy, physiology, and embryology of the face and oral cavity to oral, dental, and ENT anomalies and their effects on speech, resonance, and feeding are covered. The evaluation section includes the perceptual evaluation of speech and resonance, the intraoral examination, and instrumental assessment procedures. The treatment section includes surgical procedures, prosthetic devices, and therapies designed to address speech, resonance, and velopharyngeal dysfunction. The need for multidisciplinary team assessment and treatment is also emphasized throughout.

From reader reviews:

Grace Moreno:

Book is to be different for every grade. Book for children until adult are different content. To be sure that book is very important for all of us. The book Cleft Palate & Craniofacial Anomalies: Effects on Speech and Resonance (Book Only) seemed to be making you to know about other knowledge and of course you can take more information. It is very advantages for you. The reserve Cleft Palate & Craniofacial Anomalies: Effects on Speech and Resonance (Book Only) is not only giving you a lot more new information but also being your friend when you truly feel bored. You can spend your own personal spend time to read your guide. Try to make relationship with all the book Cleft Palate & Craniofacial Anomalies: Effects on Speech and Resonance (Book Only). You never truly feel lose out for everything in case you read some books.

Ruth Barnett:

Information is provisions for those to get better life, information today can get by anyone at everywhere. The information can be a know-how or any news even a concern. What people must be consider when those information which is within the former life are hard to be find than now could be taking seriously which one would work to believe or which one often the resource are convinced. If you get the unstable resource then you understand it as your main information you will have huge disadvantage for you. All of those possibilities will not happen with you if you take Cleft Palate & Craniofacial Anomalies: Effects on Speech and Resonance (Book Only) as your daily resource information.

Mark Shanks:

Reading a reserve can be one of a lot of activity that everyone in the world loves. Do you like reading book thus. There are a lot of reasons why people like it. First reading a publication will give you a lot of new facts. When you read a guide you will get new information simply because book is one of a number of ways to share the information or their idea. Second, studying a book will make a person more imaginative. When you examining a book especially tale fantasy book the author will bring you to imagine the story how the character types do it anything. Third, you may share your knowledge to others. When you read this Cleft Palate & Craniofacial Anomalies: Effects on Speech and Resonance (Book Only), it is possible to tells your family, friends and soon about yours guide. Your knowledge can inspire the mediocre, make them reading a e-book.

Betty McClanahan:

As a student exactly feel bored to help reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that reading is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for yourself.

As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Cleft Palate & Craniofacial Anomalies: Effects on Speech and Resonance (Book Only) can make you sense more interested to read.
