"FUTURE BEST-SELLER? I THINK SO." -D.J. MOLLES, BEST-SELLING AUTHOR OF THE REMAINING SERIES.

Franklin Butcher is a divorced, hard-drinking cop in a small town. What starts off as the disappearance of a local man grows into something larger when his own partner goes missing, drawing him into an unseen world of gods and monsters- a world he's soon to find he has more of a link to than he can possibly imagine.

Meanwhile, a new couple in town begins to learn the deadly secret hidden in their house- that a creature lives inside their walls, one made entirely of body parts it steals from anything it kills. Until now that's meant animals and small insects. But it has bigger plans.

This is Book One of The Obscured, a bold, new Urban Fantasy series about hidden worlds, the monsters they hold, and the heroes who are destined to save us from them.

Description for The Obscured series:

Imagine parallel worlds. Places filled with creatures large and small, creatures that would terrify the normal person. Imagine they hate each other, and want nothing more than to destroy each other, to take over each other's worlds until only one species remains on top.

Imagine the only way they can get to each other is through us.
