Models for Christian Higher Education: Strategies for Survival and Success in the Twenty-First Century

This timely look at the state of Christian higher education in America contains descriptive, historical narratives that explore how fourteen Christian colleges and universities are successfully integrating faith and learning on their campuses despite the challenges posed by the increasingly pluralistic nature of modern culture. Written by respected representatives from seven major faith traditions - Roman Catholic, Lutheran, Reformed, Mennonite, Evangelical, Wesleyan/Holiness, and Baptist/Restorationist - these narratives are also preceded by introductory essays that define the worldview and theological heritage of each given tradition and ask what that tradition can contribute to the task of higher education.
