The Spiritual Nature of the Universe: The Origins, Character and Destiny of the Soul William Pless

The Spiritual Nature of the Universe combines traditional Judeo-Christian beliefs with nontraditional principles to reveal an aggregate truth that is satisfying and inspiring to both mind and soul. It is a series of spiritual chronicles about:

- the genesis of God -- how God was formed from a primal mind existing alone in an infinite void,
- how He created all that exists in Heaven and the physical universe from the substance of his being,
- the creation of the angels and the universe,
- the soul as an angel seeking restoration to Heaven's Grace
