In the Red Zone

New Year's Eve. Helen, a successful black woman, flies from New York to DC to surprise her boyfriend who's there on a last minute business deal.

Not knowing she's coming, he arranges to celebrate the New Year with another girl. Helen catches him in the act, and walks away from him forever.

The next day on her way back to NYC, she meets a handsome white man named Timothy Barron— who, unbeknownst to her, is a self made millionaire/ kicker for the New York Giants. And not knowing he's famous, she sparks up a conversation with him. Tension builds as the two begin to connect, and before the flight is over, he invites her into his world.

Can Helen overcome her past hurts and look beyond cultural taboos to try someone that could rock her world?

The Princess and the Thug

Kennedy is a young African-American woman trying to run a small publishing business in the bustling city of Chicago.

She married Jordan when she was young and has no way out of her unhappy, unsatisfying marriage. She lives her life day after day hoping that something will change while being too scared to let it.

But, what will be in store for her when she finally gets so fed up she plans a night out with her best friend, Deion, for some much needed harmless flirting?

When a secret pushes her to finally flee from her abusive husband, who's arms will she end up in? And, what new danger does she find?

The Billionaire's Return

Holly Davidson has been living her life for her job. She has become a sought after surgeon with the skills that made her feel like she had a god complex.

She never married or had any kids and the one love that got lost was the one that she compared those that she dated with. Her life was primarily dedicated to those that suffered. She thought for sure that she had gotten over Deacon Voight. She had heard through social media that Deacon had become something of a billionaire tech mogul.

Imagine her surprise when he shows up quite unexpectedly looking to rekindle what they had. She thought that she was over him, but now she had a decision, whether to go back in the past or confront the future.

Pregnant by the Thug

Liane Cameron has not exactly had an easy life, but sometimes life has a funny way of throwing curveballs. She has just received her degree in counseling and now she wants to give back to the community.

She feels that she needs to prove herself. The one thing that she does know is that her family is not supportive of her decision not to join the family business. Never one to take the easy route, Liane finds herself falling for one of her counseling subjects. Tom Jackson is not an easy man to read and it doesn't hurt that he has the kind of body that would make most women drool. He has a reputation for being someone that

has lived on the other side the tracks. Their initial meeting is ripe for sexual tension, but her job means more to her than just a one night stand.

What she doesn't realize is that Tom has a way of getting underneath her skin to that itch that has not been scratched in some time.

Uncaged Passion

Felicia Wallace thought that her boyfriend Brock was what all men should be. He was caring, compassionate and showed her the kind of respect that put her on a pedestal. That all changed when she came home to find that the dog walker and Brock had decided to see if they had more in common than just their love of animals. She finally breaks up with him and goes to an MMA fight with Laura to get over her cheating boyfriends ways.

She spies Jason Fox and knows that there is something that makes him almost irresistible.
