America's Medical Industry: the Good, the Bad, and the Deadly (Volume 1) Mr. Rodney F. Stich

The information provided within these pages describes information on pockets of misconduct in America's medical industry that, if known, can make the difference between a satisfactory medical treatment or a medical tragedy. The information provides an insight into why over a 100,000 people die in hospitals every year, besides an unknown number in other medical offices. The unpunished medical misconduct is an indictment of a nation, followed by another American culture: cover-up.
