The twenty two essays collected in *Turkish Language, Literature and History* offer insights into Turkish culture in the widest sense. Written by leaders in their fields from North America, Europe and Turkey, these essays cover a broad range of topics, focusing on various aspects of Turkish language, literature and history between the eighth century and the present.

The chapters move between ancient and contemporary literature, exploring Sultan Selim's interest in dream interpretation, translating newly uncovered poetry and exploring the works of Orhan Pamuk. Linguistic complexities of the Turkish language and dialects are analysed, while new translations of 16th century decrees offer insight into Ottoman justice and power. This is a festschrift volume published for the leading scholar Bob Dankoff, and the diverse topics covered in these essays reflect Dankoff's valuable contributions to the study of Turkish language and literature.

This cross-disciplinary book offers contributions from academics specialising in linguistics, history, literature and sociology, amongst others. As such, it is of key interest to scholars working in a variety of disciplines, with a focus on Turkish Studies.
