Statistical Thinking for Managers - Textbook Only David K. Hildebrand

This book's timely approach focuses on the analysis of data using modern statistical and spreadsheet software programs. Emphasizing the correct application of statistical inference methods to a variety of real problems in business, the book makes sense of data and teaches not only how a statistical method is applied, but why and why not. The text integrates computer use and pedagogy throughout. The authors emphasize Excel, Minitab, and JMP IN, among other programs.
