Get Tough! How to Win in Hand-to-Hand Fighting, as Taught to the British Commandos, and the U.S. Armed Forces W. E. Fairbairn

The method of hand-to-hand fighting described in this book is the approved standard instruction for all members of His Majesty's forces. The Commandos, and parachute troops, harrying the invasion coasts of Europe, have been thoroughly trained in its use. Britain's two-million Home Guard are daily being instructed in its simple but terrible effectiveness. The units of the United States Marine Corps who were stationed in China between 1939 and 1961 learned these methods at my own hands when I was Assistant Commissioner of the Shanghai Municipal Police.

There will be some who will be shocked by the methods advocated here. To them I say "In war you cannot afford the luxury of squeamishness. Either you kill or capture, or you will be captured or killed. We've got to be tough to win, and we've got to be ruthless - tougher and more ruthless than our enemies." with 140 illustrations.
