Philosophy Then and Now: An Introductory Text with Readings

Philosophy Then and Now provides an innovative and engaging blend of introductory text with classic and contemporary readings. Each of the eight parts begins with an introductory section on the major ideas associated with a seminal figure from the history of philosophy. This is followed by key selections from the essential writings of that philosopher, as well as influential selections from contemporary figures. Key figures covered include: Socrates, Aquinas, Locke, Descartes, Mill, Nietzsche, Marx, and Sartre. By focusing on the core themes, issues and problems of philosophy, the volume motivates student interest in the subject, and represents a distinctive text for all introductory courses in philosophy.
