When individuals with healthy emotional backgrounds meet, the result is a loving, reciprocal and stable relationship. However, when Codependents and Emotional Manipulators meet, they are enveloped in a magnetic and seductive "love force," that begins like a fairytale, but later unfolds into a painful "seesaw" of love/pain and hope/disappointment. This book will help the reader make sense of the ubiquitous attraction that affects each and every person who desires to find the romantic partner of their dreams and answers why patient, giving and selfless individuals (Codependents) are predictably attracted to self-centered, selfish and controlling partners (Emotional Manipulators). This unique, fresh and innovative relationship model will explore the traits, symptoms and origins of both Codependency and various Emotional Manipulation Disorders.
