Musings of a 20-something Mom, and the perils of being a Mommy Blogger

Jenny Schoberl

Musings of a 20-something Mom, and the perils of being a Mommy Blogger Jenny Schoberl

One of the largest trends among Moms today is to jump on the internet and immediately regurgitate all the magical, wonderful things their child has done in the past two hours to the first unsuspecting victim. Moms are everywhere; they've even taken over Blogging. Hundreds of blogs about how Fluffy got his first tooth, or Muffy said a new word. It's enough to make people want to vomit sugar. I've been told that i'm not your typical mom, and my blog is not your typical blog; I've even been called the "Eminem of Mommy Blogging", honest, blunt, and usually vulgar. This book is my experiences and stories as I ventured through the Mommy Blogging world, trying to make light of some disgusting situations, and it wasn't always pretty. I had to learn the hard way that blatant honesty may not always be the best policy... not if you want to keep your kids. "Musings of a 20-something Mom" is a lesson on how NOT to blog, unless you want to piss off your friends, family, and get a pack of crazies chasing after you; and a reminder that when it comes to parenting, there's always going to be someone out there saying "you're doing it wrong!" **This book contains blog entries that are no longer available online
