S.M. Stirling's Change Setting, used under license. Designed by Sam Pray. The world changed in the blink of an eye on March 17, 1998. Technology that humanity has relied on for nearly 200 years no longer works. Now some of the survivors are closing off their safe havens for fear of illness. The plague is just one more thing the survivors must survive without access to modern medicines and medical facilities. The Portland Protectorate Association (PPA) has obtained information of a shipment of medical supplies shipping from Seattle to Portland on Change Day. Clan Mackenzie also learns of this shipment. The possibility of abandoned medical supplies, antibiotics, and ER supplies is just too tempting to pass up. You and your friends have volunteered to get the supplies for Clan Mackenzie or make sure that the PPA does not lay claim to them. This 48 page adventure (includes interior color maps) also includes pre-generated characters to allow for quick and easy play.
